Drawers with base rail, cushioned self-closing mechanism.

Hinged doors with thick edges

The following space is required to mount the wardrobe:
wardrobe height + min. 25 cm,
wardrobe width + min. 5 cm on each side

Matching extras can be found after the wardrobes.

Quality and material

10 years rauch manufacturer's warranty.

Warranty terms and conditions on rauchmoebel.com/garantie and in information enclosed with the product.

Colour

Furniture with colour finish has an evenly attractive, hard-wearing surface.

Load-bearing capacity

The load limits for all furniture and extras can be found in the load table at:
<https://qrco.de/rauch-belastungstabelle>

Raw materials from nature

In the production of the wood-based materials for our furniture, we rely exclusively on uncontaminated, fresh weak and storm wood from local, sustainable forestry operations. Strict tests by neutral institutes continuously confirm the safety of materials and processes.

The „Blue Angel“

The German government's eco-label for low-emission furniture that is harmless to health. Articles covered with textiles or artificial leather are excluded.

Award-winning and certified

Timeless look

Attractive front designs

Durable product quality

Carcase units for hinged doors

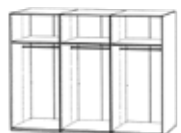

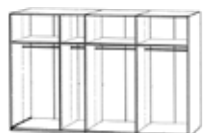

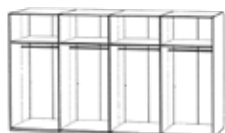

COL. CODE	WARDROBE CARCASE ▶	COLOUR	The starter and extension principle of hinged door wardrobes! Complete wardrobes are easy to configure with the starter (SU) and extension (EU) units. It always starts with a starter unit and can be extended as required with add-on units. A starter unit (SU) always has two outer panels (right + left); an extension unit (EU) only has a centre panel. Depending on the direction of extension, one outer side of the starter unit (SU) is placed at the end of the complete wardrobe. When designing corner combinations, please bear in mind that the corner robe must be followed by a starter unit.
